

## **Tsebo Cleaning and Tsebo Facilities Management Win Diamond Arrow Awards**

**Date:** 21 September 2018

**Dear Colleagues,**

We are extremely proud to announce that both our Tsebo Cleaning and Tsebo Facilities Management businesses were awarded Diamond Arrow Awards this morning at the PMR Africa Business Excellence Awards Breakfast, that was held at the Maslow Hotel, Sandton, Johannesburg.

The PMR Africa Awards are the culmination of a research process in which companies and institutions are rated based on national respondent's perceptions with a strong focus on evaluating and measuring customer service and customer satisfaction.

The Diamond Arrow Award is considered a benchmark for companies who are delivering outstanding service in the industries they serve.

Tsebo Facilities Solutions was awarded the **Diamond Arrow Award in the category of External Facilities Management Companies**, for the seventh consecutive year.

Tsebo Cleaning Solutions not only walked away with a **Diamond Arrow Award in the categories Entertainment, Healthcare and Retail**, but was also awarded a **Golden Arrow Award in the categories Education and Industrial** and a **Silver Arrow Award in the categories Commercial and Hospitality** – amounting to the most PMR Africa awards that Tsebo Cleaning has ever won in a year.

Well done to both businesses. These awards are a true testament to the hard work of all those who strive to deliver high quality services to our clients, daily.
