Holistic service offering. Tailored solutions. Expert delivery.

Thorburn Security Solutions can provide holistic end-to-end protection services over this challenging time. Encompassing vacant property, occupied property and people management solutions.

THE CHALLENGE

We have seen an increase in vacant property and the need for people management solutions.

Vacant properties are vulnerable to the following risks:

- Illegal occupation and invasion (squatters)

- Crime and theft
- Fire
- Water damage and structural damage

The impact of the above can result in the deterioration of your property's value, loss of income, non-compliance with insurance obligations, and a negative impact on in-house resources.
