

EVENT SOLUTIONS

Holistic service offering. Tailored solution. Expert delivery.

Our holistic service offering and experienced events team make planning and managing an event easy and convenient.

Our professional, experienced and innovative team provide an integrated events solution modelled on international best practice and aligned with ISO standards.

THE CHALLENGE

An event is a complex undertaking involving a myriad of planning and management challenges:

- Event planning and cost control
- Venue and sub-contractor sourcing, negotiation and management
- Marketing, commercialisation and ticket sales
- Legislative and municipal by-law compliance
- Security threat identification, assessment and management
- Medical response planning and management
- Health and safety, fire planning and compliance monitoring
- Parking and vehicle control
- Provision of food and beverages
- Provision and maintenance of toilet and washroom facilities
- Clean-up post event
